THE LIBRARY
OF THE
UNIVERSITY OF

State Normal School

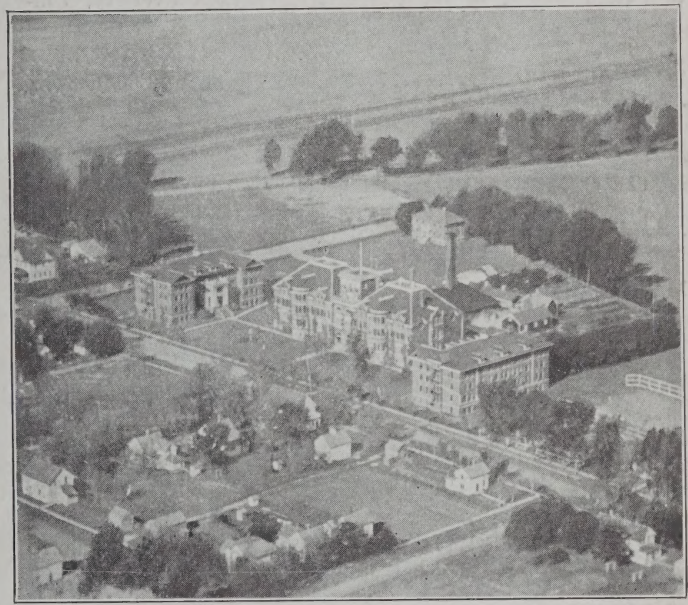

MAYVILLE, NORTH DAKOTA

QUARTERLY BULLETIN

NEW SERIES

DECEMBER, 1922

NO. 18

Aeroplane View of The Mayville State Normal School.

Published in March, June, September and December by the State Normal School at Mayville, N. D., and entered at the Mayville Postoffice November 15, 1912, as second-class matter, under Act of Congress, August 24, 1912.

FACULTY

JOHN O. EVJEN, President.....History and Philosophy
B. A., C. T., Augsburg Seminary; M. A., Ph. D., University of
Leipzig.

E. L. NORTON.....Education and Psychology
B. A., Amherst College; M. A., Ph. D., Harvard University;
Graduate Student, Berlin University, Clark University, Uni-
versity of Chicago.

OSCAR M. MEHUS.....Social Science and Education
B. A., Augsburg College; M. A., University of North Dakota;
Graduate Student, University of Chicago.

NETTIE C. MOULTON.....Supervisor of Practice Teaching
Graduate, State Normal School, Mankato;
B. A., University of Minnesota; M. A., Columbia University.

AMANDA JOHNSON.....History and Economics
Graduate, State Normal School, Winona;
B. A., M. A., University of Minnesota;
Graduate Student, University of Michigan; University of
Chicago.

ELSIE RUSHFELDT.....English Literature
Graduate, State Normal School, Moorhead;
B. A., University of Minnesota; M. A., Columbia University.

M. F. SHOWALTER.....Chemistry
B. A., Indiana University; M. S., Purdue University.

M. G. SATEREN.....Physics
Young Men's Physical Educational and Band.
Student Northern Normal and industrial School, Aberdeen.
B. A., Augsburg College;
Graduate Student, Yale University.

LUELLA OVERN.....Home Economics
Student, State Normal School, Mankato; Normal Training
School, Detroit;
B. A., University of Iowa.

- C. P. BIRKELO.....Mathematics
B. A., Luther College;
Graduate Student, University of Chicago.
- ANNA C. V. WALTHAUSEN.....Modern Languages
B. A., University of Michigan.
- E. L. BOLENDER.....Agricultural and Biology
B. S., Miami University;
Graduate Student, Ohio State University; University of
Wisconsin.
- WILMA G. CLINE.....Expression
and Young Women's Physical Education.
Graduate, Nebraska State Teachers' College (Peru);
B. E., Nebraska Wesleyan University; B. A., Christian Bible
College.
- JEAN M. HAY.....Drawing and Primary Methods
Graduate, School of Applied Arts, Chicago;
Student, Topeka Art School, Kansas; Prang School, Chicago;
Church Normal Art, Chicago.
- HELEN HOWE.....Supervisor of Public School Music
Student, Grinnell College;
Graduate, Course of Public School Music, Iowa State
Teachers' College.
- L. JOSEPHINE WRIGHT.....Voice, Preceptress East Hall
Graduate, State Normal School, Winona;
Graduate Student, Pomona College, Berkeley University.
- EMMA THORSTAD.....Piano and Harmony
New England Conservatory, Boston.
- CORA JORDET.....Commercial Subjects
Graduate, State Normal School, Mayville;
Diploma, Gregg School, Chicago.
- A. W. WEST Athletics and Manual Training
Carleton College.

- LEONORA OAS.....Librarian
Graduate, State Normal School, Mayville.
- MRS. H. B. SCHULTZ.....Secretary-Treasurer
- MRS. CARRIE ROONEY.....Matron, West Hall
- JENNIE O. BERG.....Secretary to the President
Graduate, State Normal School, Mayville;
Diploma, Fargo School of Business, Fargo.
- CARL L. VIGNESS.....Principal of Training School
B. S., M. S., Des Moines University.
- MARION LUND.....Eighth Grade Critic
Graduate, State Normal School, Mayville.
- GERTRUDE LURA.....Seventh Grade Critic
Graduate, State Normal School, Mayville.
- EDNA ROST.....Sixth Grade Critic
Graduate, State Normal School, Ellendale.
- MRS. J. A. PETTERSON.....Fifth Grade Critic
Graduate, State Normal School, Mayville.
- FRANCES BUTLER.....Fourth Grade Critic
Student, University of North Dakota.
- BERTHA HANSON.....Third Grade Critic
Graduate, State Normal School, Mayville.
- ALPHA RICE.....Second Grade Critic
Graduate, State Normal School, Mayville.
- GLADYS TENNISON.....First Grade Critic
Graduate, State Normal School, Mayville.

Calendar for 1923

Winter Term Begins.....	Wednesday, January 3.
Winter Term Closes.....	Thursday, March 22.
Spring Term Begins.....	Tuesday, March 27.
Spring Term Closes.....	Thursday, June 14.
Summer Term, First Session Begins.....	Tuesday, June 19.
Summer Term, First Session Closes.....	Thursday, July 26.
Summer Term, Second Session Begins.....	Thursday, July 26.
Summer Term, Second Session Closes.....	Friday, August 31.
Fall Term Begins.....	Tuesday, October 2.
Fall Term Closes.....	Friday, December 21.

COURSES

EXPLANATION OF NOMENCLATURE.

The digit in ten's place following the name of a course represents in general, the year of the curriculum in which the course is offered, while the digit in unit's place represents the term in which the subject is given.

R means that the course is required, and E that it is elective. The fraction $\frac{1}{2}$ means the work is carried for one-half term.

Thus, Algebra 12R signifies Algebra, required, first year, winter term. General Physics 31R signifies General Physics, required, third year, fall term. Latin 53E means Latin, elective, fifth year, spring term. Drawing 11R, 12R $\frac{1}{2}$ means that Drawing is given the first year, the entire fall term, and half of the winter term (granting one and one-half credits).

A subject which is listed with three numbers on one line, like Rhetoric 21R, 22R, 23R means that it is required throughout the year, or three terms. Psychology 41R, 42R means that Psychology is required in fall and winter, the fourth year.

For description of the courses see the catalogue, which will be sent from the office upon request.

FOURTH YEAR

Psychology 41 R
Observation 41 R
School Management

Psychology 42 R
Teaching 42 R

Teaching 43 R
Education 43 R

Fourth year students, in addition to the seven required subjects named above, will take four electives (see list of electives) and four of the following, to be selected by faculty advisors:

Review Arithmetic 41 or 42 or 43
Review Geography 41 or 42 or 43
Singing Methods 41 or 42 or 43
Primary Methods 42

Review Lang.-Grammar
41 or 42 or 43
Review History 41 or 42 or 43
Method in Drawing 41 or 42 or 43

FIFTH YEAR

History of Education
51 R

Educational Sociology
52 R

Mental Development
53 R

In addition to the three subjects named above, fifth year students will take twelve electives chosen from the list of electives.

THE FOUR YEAR ELEMENTARY COURSE FOR EIGHTH GRADE GRADUATES—SIXTY CREDITS

Leads to Second Grade Professional Certificate.

This course is the same as the first four years of the five year course.

THE ONE YEAR ELEMENTARY COURSE FOR HIGH SCHOOL GRADUATES—FIFTEEN CREDITS

Leads to Second Grade Professional Certificates.

This course is the same as the fourth year of the five year course.

THE TWO YEAR ADVANCED COURSE FOR HIGH SCHOOL GRADUATES—THIRTY CREDITS

Leads to Second Grade Professional and Life Certificates.

This course is the same as the fourth and fifth years of five year course.

COLLEGE SUBJECTS

High school graduates, or students who have completed work equivalent to a high school course, and who do not care to take advanced normal work in order, may take one or two years' college work selected with direct reference to the work offered by colleges and universities in the freshman and sophomore years in the general college courses. This college work at the normal school will be accredited by colleges proper and universities.

Students desiring to take subjects for college credits should consult the faculty advisor to ascertain what subjects to take and the number of hours credit that can be earned. The large number of electives offered in the fourth and fifth year of the five year advanced course makes very easy a general arrangement of studies for college freshmen and sophomores doing work at the Mayville Normal.

THE COMMERCIAL COURSE

Commercial subjects are listed as electives. A student by combining a number of such subjects can pursue a commercial course of study to suit his needs, so that he, meeting other requisites, may even obtain a Commercial Certificate from the State Department and thus be entitled to teach commercial subjects in a High School.

THE THREE-YEAR RURAL COURSE OR HIGH SCHOOL COURSE

Forty-Five Credits

Open to pupils who are Eighth Grade Graduates.

Leads to the Elementary Certificate.

Holders of the certificate of completion issued by the Mayville State Normal School to those who complete the high school course for eighth grade graduates will be granted first grade elementary certificates after eight months of successful teaching experience provided they are twenty years of age.

ELECTIVES

NOTE—A student who has been taking a year of foreign language in high school will be admitted to the course in the corresponding language in the middle of the winter term, or to 42 E., since a year of language in high school goes only as far as one-half year in college.

If a student has had two years of a foreign language in high school or academy he can continue the study of this language by taking the 51 E course at the Normal School.

A third year student taking up a foreign language without having had any previous preparation in it may take the 41E-42E-43E course, but the credits which he, as all others doing work of a high school nature, will get, are high school credits unless he is able to carry the college load.

What obtains in regard to language will obtain also in regard to other one-year or one-half year subjects.

In order to receive credits in a foreign language, at least one year must be taken. Beyond the first year each term will be recognized. In other subjects there is greater latitude in the time element.

Extension Department

To meet the demands of teachers and others who are unable to attend the regular terms of an educational institution, the State Normal School at Mayville, in order to be of the greatest service to the people of the State and to extend educational opportunity, offers to conduct Extension Work as follows:

FIRST.—TYPES OF EXTENSION WORK.

1. Study Centers. Class work conducted in one's own locality.
2. Correspondence.
3. Residence. Class work to be conducted in the State Normal School.
4. Addresses and entertainments.

SECOND.—MEANS OF EXTENSION WORK:

1. Study centers will be established in any community where five or more persons express a desire to pursue the same course, an instructor from the State Normal School at Mayville will be sent to conduct the course. A study center shall meet at stated times agreeable to the group and the instructor.

2. Correspondence courses will be sent out to individuals registering for the same, in outline or question form. The student shall make the necessary reports as required by the instructor and shall pass an examination in the subject before some designated school official or some other responsible person.

3. Residence extension work will be carried on for a reasonable number of students expressing a desire for such. The committee suggests that the instructor decides the number for which a class should be organized. Such a class may meet any evening of the week or on Saturdays.

4. Lecturers and entertainers will be sent out where their services are requested and arranged for in advance. Such arrangements must be made through the President of the School.

THIRD:—CREDITS.

Full credit shall be given for courses completed as outlined in the general catalog of the school; the number of credits are limited, as stated later.

The credit is given when the instructor has reported the final standings, which must be 75 per cent or above, to the Registrar; and when all fees, postage, etc., have been paid.

The grades are entered on the permanent records of the school, and record slips are mailed to the student. The Correspondence credits have the same value as those secured by resident study and are accepted by the State Department of Edu-

cation toward the securing of certificates in the same manner as credits secured by residence.

A student properly registered for correspondence work establishes an official residence in the State Normal School.

FOURTH:—COURSES OFFERED.

Write to the Extension Department, State Normal School, Mayville, N. D., for Bulletin No. 15, on Extension Work.

FIFTH:—EXPENSE.

A fee of \$8.00 for each one credit course must accompany the registration blank. The student is to purchase the required textbooks. Books of reference may be secured from the school and postage on the same, both ways, must be paid by the student. A study Center must bear all expenses incurred by its organization.

SIXTH:—TERM OF STUDY.

All courses must be completed within one year from date of registration, if credit is expected.

SEVENTH:—AMOUNT OF WORK ALLOWED.

No student shall be permitted to register for more than two units of work at any one time, and it is recommended that students register for only one unit.

EIGHTH:—NUMBER OF CREDITS ACCEPTED BY THE NORMAL SCHOOL.

The number of credits earned by means of extension work and accepted towards graduation shall not exceed one-fourth of the total credits required for the Normal School Diploma.

FREE MATERIAL.

The following list is compiled to help the teacher in securing material for her classroom work, for it often happens that the teacher wants material on a certain subject, but does not know just where to secure it. This list may help such a teacher. Send a postal card to the respective organizations asking for free literature for school use and it will be sent you.
